

# How to use these videos

---

The Growing Young Core Commitment Video Curriculum brings FYI's groundbreaking research to your church, helping your team create a plan for lasting change.

Watch these videos with your church leadership team, staff, volunteers, leaders in training, or small groups, and use the printable pdf discussion guide to help you lead practical next-step conversations.

Each teaching video is a 20-25 minute video that dives into a Growing Young core commitment, our research findings, and some examples of what it looks like at work in the churches we studied. Sessions 2-7 include the teaching video, as well as a story video, which is a shorter 3-5 minute clip telling a church-based story of what this commitment looks like in action.

We recommend starting with the teaching video and using the story video for further illustration. The discussion guide provides some questions related to the concepts introduced in the teaching video, but is complementary to the story video. Session 9 is a 38-minute panel discussion.

Please note that if you purchased a single session only, you may not have all of the videos referenced here. The full series is available for purchase at [fulleryouthinstitute.org](http://fulleryouthinstitute.org).

## **Where can I show my Growing Young Core Commitment Videos?**

Purchasing this curriculum gives you permission to show the videos to your congregation wherever your church body meets together in person (like church services, leadership meetings, or retreats).

You are welcome to use your purchased videos within a livestream service, however if the service is posted online (including on church's website, or on any social media platform) after the livestream is over, then the Growing Young Core Commitment Video content must be removed from the posted service.

If you're hosting a virtual meeting, we encourage you to use a screenshare function within your meeting platform to play the video from your computer to the group.

**What if the platform or context I'd like to use these videos for isn't mentioned above?**

If you have a specific question about using these videos within your church or group, please reach out to us at [fyi@fuller.edu](mailto:fyi@fuller.edu).
